STRATEGIC PARTNERSHIPS: FEATURED COLLABORATIONS, PROJECTS & INITIATIVES

At the heart of transformative change lies WUM Advisory Services (SMC-Pvt.) Ltd—a beacon of sustainable empowerment and capacity-building in underserved regions. Established in 2021 and enterprise certified under section 16 of the Companies Act, 2017 (XIX of 2017) bearing CUI # 0314319 *(https://leap.secp.gov.pk/#/verify-company-info/0314319)*. We are driven by a steadfast commitment to the United Nations Sustainable Development Goals (SDGs), channeling our expertise into fostering sustainable growth, education, and community resilience. Our mission is to lead innovative, collaborative, and transparent initiatives that uplift communities, ensuring a thriving future for all.

Empowering Through Sustainable Practices

WUM Advisory Services is your trusted partner in driving impactful change. With a foundation built on Sustainability, Empowerment, Integrity, Collaboration, and Innovation (SEICIN), we are focusing:

- Capacity-Building: Tailored programs to empower communities through education, skill development, and awareness.
- Strategic Collaborations: Forging local and international partnerships to maximize impact and resource sharing.
- Innovative Solutions: Addressing key challenges in underserved regions with creative, future-oriented approaches.
- SDG Alignment: Advancing all domains of the Sustainable Development Goals within focus communities.

Led by Waqas Umer Malik, a seasoned professional with extensive experience spanning a decade or more in corporate and academic sectors, WUM Advisory Services is uniquely positioned to support research, grant acquisition, and forum engagement. Our transparent, integrity-driven approach ensures that every initiative we undertake leaves a lasting, positive impact.

PROSPECTIVE COLLABORATIVE PARTNERS

WUM Advisory Services is committed to fostering impactful collaborations that drive sustainable development and empower underserved communities. We actively seek partnerships with organizations and institutions that share our vision of innovation, integrity, and transformative change. We actively seek and maintain partnerships with:

- **Alkhidmat Foundation:** A leading humanitarian organization in Pakistan, renowned for its extensive community development and relief initiatives. Collaborating with Alkhidmat Foundation will amplify our reach and enhance our capacity to deliver sustainable solutions in education, health, and social welfare.
- **Universities of Pakistan:** Including the **University of Central Punjab**, **University of Gujrat**, and other esteemed academic institutions. These partnerships will facilitate knowledge exchange, research collaborations, and capacity-building programs, ensuring that academic excellence translates into tangible community impact.
- **Punjab Government:** Engaging with provincial authorities to align our initiatives with public sector priorities. This collaboration will enable us to scale sustainable development projects, leverage policy support, and create systemic change in education, environmental sustainability, and social empowerment.
- **Association for Academic Quality (AFAQ):** A key partner in advancing educational standards and quality assurance. By working with AFAQ, we aim to enhance the

This document is classified and contains privileged information. Unauthorized access, reproduction, or distribution is strictly prohibited

effectiveness of our training programs, ensuring they meet global benchmarks and contribute to the professional development of educators and practitioners.

- **Oxford University Press (OUP):** A globally recognized leader in educational publishing. Collaborating with OUP will allow us to integrate high-quality educational resources into our programs, fostering innovation in teaching, learning, and research.

SERVICES, FELLOW & AMBASSADOR

At WUM Advisory Services, we believe in the power of collaboration to drive sustainable development, peace, and social integration. Our partnerships with global organizations amplify our impact, enabling us to empower communities, foster innovation, and advance the United Nations Sustainable Development Goals (SDGs). Here's how we're making a difference through our strategic alliances:

Mahabahu: Shaping Global Discourse

As an Opinion Writer for Mahabahu—an international journal showcasing premium articles on global challenges—we contribute thought-provoking perspectives on issues ranging from climate change to economic uplift. Our articles inspire action and foster dialogue on critical topics, aligning with our commitment to sustainability, empowerment, and innovation (*SEICIN*). By sharing insights on platforms like Mahabahu, we're shaping narratives that drive positive change.

Africa Youth for Peace and Development (AYPAD): Empowering Youth for Peace

Since September 2024, we've proudly collaborated with AYPAD, a non-profit organization dedicated to creating opportunities for disadvantaged youth in Africa. Founded in 1995, AYPAD's mission resonates deeply with ours: to foster peace, sustainable development, and social integration. Through mentoring, research, and capacity-building, we support AYPAD's programs that uplift marginalized communities, ensuring no young person is left behind.

Together, we're turning challenges into opportunities and building a future where every youth can thrive.

Freya International Schools of Research and Implementation (FISORI): Driving Research Excellence

As Coordinators at Freya International Schools of Research and Implementation (FISORI), we lead initiatives that bridge research and real-world impact. FISORI's focus on research proposal reviews, implementation projects, and training programs aligns perfectly with our goal to empower individuals through education and innovation. Our collaboration includes delivering specialized courses, such as:

- Research Design and Implementation
- Grant Writing and Resource Mobilization
- Data Analysis and Statistical Tools (STATA, SPSS, AI-driven methods)

By equipping researchers with cutting-edge skills, we're fostering a culture of evidence-based decision-making and sustainable solutions.

Women Ascension – Centre for Learning Innovation: Advancing Gender Equality

As a WAPJ Associate at Women Ascension, we're committed to accelerating gender equality and the SDGs across 134 countries. This global non-profit organization focuses on economic stability, social inclusion, and leadership development for women. Our contributions include:

- Planning and conducting webinars and conferences on research, peace, and justice.
- Mentoring women entrepreneurs and leaders to access resources and opportunities.
- Supporting the One Million Leadership Programme 2030, which prepares emerging leaders for sustainable impact.

This document is classified and contains privileged information. Unauthorized access, reproduction, or distribution is strictly prohibited

Women Ascension's achievements—such as training 20,500+ women and elevating 3,000+ into leadership roles—reflect our shared belief in the power of empowerment and collaboration. Together, we're breaking barriers and creating pathways for women to lead and succeed.

E-LEAD Global Centre of Excellence: Building Leaders for Tomorrow

From 2016 to 2023, we collaborated with E-LEAD Global, an Australian organization dedicated to leadership development and experiential learning. E-LEAD's holistic approach—inspired by institutions like Harvard and Yale—focuses on self-awareness, 21st-century skills, and global leadership. This partnership reinforced our commitment to capacity-building and innovative learning, ensuring leaders are equipped to tackle global challenges.

FEATURED PROJECTS AND INITIATIVES

WUM Advisory Services is proud to showcase our impactful projects, each designed to drive sustainable development, education, and community empowerment. Below are some of our key initiatives:

Strategic Grant Writing and Capacity-Building Support for Cameroon Beach Cleanup Day 2026

- **Host Entity:** Association for Community Awareness (ASCOA)
- **Country:** Cameroon
- **Description:** collaborate with ASCOA as part of the collaboration and participation committee, providing strategic grant writing, fundraising expertise, and capacity-building support for the Cameroon Beach Cleanup Day 2026

Our role includes drafting compelling grant proposals to secure funding for logistics, volunteer training, and educational campaigns, as well as identifying potential sponsors and partners aligned with UN SDG 14: Life Below Water. We are committed to empowering ASCOA's mission by leveraging our expertise in project implementation, stakeholder engagement, and sustainable development. Together, we aim to create a lasting impact on Cameroon's coastal communities, fostering environmental stewardship and community resilience.

Write Article on the African Business Environment

- **Host Entity:** African Association of Entrepreneurs
- **Country:** Ghana
- **Description:** Comprehensive articles highlighting the challenges and opportunities in Africa's business landscape, aimed at fostering entrepreneurial growth.

This document is classified and contains privileged information. Unauthorized access, reproduction, or distribution is strictly prohibited

We illuminated the vibrant potential and challenges of Africa's business landscape, sparking dialogue among entrepreneurs and policymakers. Our writings became a go-to resource for understanding the continent's economic pulse. Now, we're diving deeper with a series of case studies/implementations to turn insights into actionable strategies for businesses ready to thrive. Imagine a future where every African entrepreneur has the tools to build, grow, and succeed—we're making it happen.

Green Horizons for Morogoro: Empowering Schools

- **Host Entity:** AFRICA CHILD FOUNDATION MISSION OF TANZANIA
- **Country:** Tanzania
- **Description:** A project focused on environmental education and sustainable practices in schools, empowering students to become eco-conscious leaders.

We reviewed the research and provide appropriate guidelines to improve the content and transformed institutions into hubs of environmental stewardship, where students/scholars aren't just learning about sustainability—they're living it. From tree-planting drives to waste reduction campaigns, these young leaders are making their communities greener every day. Next, we're launching a platform to connect these schools, turning local efforts into a nationwide movement for change.

Conduct Mentorship in Research & Project Implementation

- **Host Entity:** Africa Youth for Peace and Development
- **Country:** Sierra Leone
- **Description:** A mentorship program aimed at building research and project management skills among youth, fostering innovation and leadership.

We paired ambition with expertise, mentoring 50+ young leaders to turn their ideas into impactful community projects. Five groundbreaking initiatives later, these changemakers are

This document is classified and contains privileged information. Unauthorized access, reproduction, or distribution is strictly prohibited

proving that youth-led innovation can reshape societies. Our next mission? Building an online mentorship hub where collaboration knows no borders, and every young mind has a mentor to guide them. The future belongs to those who dare to dream—and we're here to help them build it.

Social Media Support for International Volunteers

- **Host Entity:** UNV Regional Office for East and Southern Africa
- **Country:** Kenya
- **Description:** Provided strategic social media support to amplify the impact of international volunteer programs and enhance global engagement.

We amplified the voices of international volunteers, boosting online engagement and shining a spotlight on their incredible work. More visibility meant more volunteers, more stories, and more lives touched. Now, we're creating a digital toolkit to help volunteers share their journeys, turning personal experiences into global inspiration. When volunteers thrive, communities transform—we're fueling that cycle of impact.

Cohort 3: Creating Publicity & Awareness of Training Programs

- **Host Entity:** Africa Youth for Peace and Development
- **Country:** United States of America
- **Description:** A campaign to raise awareness about training programs, targeting youth and professionals for skill development.

We didn't just spread the word—we ignited a movement, reaching over 1,000 individuals and driving enrollment in life-changing training programs. Knowledge is power, and we put it directly into the hands of those who need it most. Up next: a series of interactive webinars to keep the momentum alive, ensuring no one misses out on the opportunity to grow. Education is the key to unlocking potential, and we're opening doors every day.

Remote Sensing Expertise for Review of Mangrove Conservation

- **Host Entity:** Morobe Development Foundation Inc.
- **Country:** Papua New Guinea
- **Description:** Applied remote sensing technology to assess and monitor mangrove conservation efforts, supporting biodiversity and coastal resilience.

We harnessed the power of remote sensing to protect mangroves, reviewed research data/papers and guide to shape conservation policies and safeguarding coastal ecosystems. Science met action, and the results are making waves in environmental protection. Our vision? Expanding this tech-driven approach to monitor forests, rivers, and wildlife, ensuring nature thrives alongside communities. The planet's health is our priority—and we're using innovation to protect it.

Promote Articles on Relevant Online Forums

- **Host Entity:** African Association of Entrepreneurs
- **Country:** Ghana
- **Description:** Promoted research articles and thought leadership pieces on online platforms to foster knowledge sharing and professional growth.

We turned research into reach, increasing article visibility and sparking conversations that matter. Ideas deserve an audience, and we made sure they got one. Now, we're building a digital repository to make knowledge accessible to all, breaking down barriers to information. When insights are shared, progress accelerates—and we're driving that change.

Conduct Research & Project Implementation

- **Host Entity:** Association for Community Awareness (ASCOA)
- **Country:** Cameroon

This document is classified and contains privileged information. Unauthorized access, reproduction, or distribution is strictly prohibited

- **Description:** drafting compelling grant proposals and identifying strategic funders for health and women's empowerment projects in Cameroon.

This initiative focuses on environmental protection, health and well-being, child support, women's empowerment, and peacebuilding. We paired ambition with expertise, mentoring local teams to develop impactful proposals that secure resources for underserved communities. Through this project, we're not just writing grants—we're building pathways for sustainable change and empowering communities to take charge of their futures. The future belongs to those who dare to dream—and we're here to help them build it.

Support in Conducting Data Transcription

- **Host Entity:** Africa Youth for Peace and Development
- **Country:** Sierra Leone
- **Description:** Provided data transcription services to support research and documentation efforts, ensuring accuracy and accessibility.

We transformed raw data into actionable insights, transcribing information for research projects and empowering researchers to make informed decisions. Accuracy met accessibility, and the results are fueling innovation. Next up: developing automated tools to make data transcription faster, smarter, and more efficient. In a world driven by data, we're ensuring no one is left behind.

Mentoring Frontier Tech Learners

- **Host Entity:** United Nations Development Programme (UNDP)
- **Country:** Bangladesh
- **Description:** A mentorship initiative to equip learners with skills in frontier technologies, fostering innovation and digital literacy.

This document is classified and contains privileged information. Unauthorized access, reproduction, or distribution is strictly prohibited

We mentored learners, helping them harness the power of frontier technologies to create solutions that address real-world challenges. From coding to AI, these innovators are building the future, one project at a time. Our next chapter? Advanced training programs and hackathons to push boundaries and unlock even greater potential. The tech revolution starts with education—and we're leading the charge.

Agenda 2063 in Power Spaces

- **Host Entity:** United Nations Development Programme (UNDP)
- **Country:** Ethiopia
- **Description:** Advocated for the integration of Agenda 2063 goals in policy and decision-making spaces, promoting long-term sustainable development.

We brought Agenda 2063 to the forefront of policy discussions, hosting dialogues that integrated its goals into local governance and set the stage for sustainable development. Vision met action, and communities are now seeing the benefits of long-term planning. What's next? Regional forums to keep the conversation alive, turning commitments into tangible progress. Africa's future is bright, and we're helping to shape it—one policy at a time.

REVIEWER

This is the engaging section for WUM Advisory Services, highlighting the role as a Reviewer for prestigious academic journals. This narrative aligns with your commitment to excellence, knowledge dissemination, and sustainable development:

WUM Advisory Services: Advancing Academic Excellence through Peer Review

At WUM Advisory Services, we are deeply committed to fostering research integrity, innovation, and knowledge dissemination. As part of this mission, we actively contribute to the academic community by serving as a peer reviewer for leading journals across management, business, economics, and education. Our expertise ensures that high quality, impactful research reaches global audiences, driving progress toward the sustainability scholarship.

Our Reviewer Contributions

We bring a critical and constructive lens to the peer-review process, helping authors refine their work and elevating the standards of academic publishing. Our review contributions span a diverse range of prestigious journals, including:

- Academy of Management **(journals.aom.org)**
- American Journal of Business **(ISSN: 1935-5181)**
- British Journal of Management **(mc.manuscriptcentral.com/bjm)**
- International Journal of Management Reviews **(mc.manuscriptcentral.com/bjm)**
- South Asian Journal of Management Sciences (SAJMS) **(ISSN: 2410-8537)**
- The International Journal of Educational Policy Research and Review (IJEPRR) **(ISSN: 2360-7076)**
- Asian Journal of Economics, Business and Accounting **(ISSN: 2456-639X)**
- International Journal of Educational Research and Review **(ISSN: 2756-4789)**

This document is classified and contains privileged information. Unauthorized access, reproduction, or distribution is strictly prohibited

Why Our Review Work Matters

Our role as reviewers is rooted in our core values of Integrity, Empowerment, and Innovation (SEICIN). By ensuring the rigor, relevance, and clarity of academic research, we:

- *Empower researchers* to produce work that drives meaningful change in their fields.
- *Promote sustainability* by supporting studies that address global challenges, from economic inequality to educational access.
- *Foster collaboration* between academics, practitioners, and policymakers, creating a ripple effect of knowledge and progress.

Through our review contributions, we help shape research that not only advances academic discourse but also translates into real-world solutions for communities and industries.
